Doesn't agree on terms of sale. Wasted time. She said over the phone that there are 2 owners and everything is ready for the transaction. In fact, the owners are not in the country and they have no plans to come. Sold by proxy.

Selling by proxy is not illegal. If this is important to you, then you need to ask this question in advance. Also, this moment is not the final decision in the transaction, everything depends on the agreements of the parties and the price of the issue.

Good afternoon I would like to express my gratitude to the realtor Evgenia. I showed everything on the first day, explained everything, talked to the owners, within two days my wife and I moved in, before realtor Evgenia I looked for an apartment for more than a month, other realtors couldn't even talk to the owners of the apartment. Evgenia is the best at what she does! Thank you.

She started a scam for auction without warning. The price is in the ad, I call - yes, you can buy it at this price. And when I arrived, the object was normal, I said, I'll take it. And she thrusts a piece of paper "how much am I willing to buy for?" I tell her why I came? Isn't it fate to warn about the auction? Be careful with her.

In seven years in Moscow, for the first time I met an adequate, decent agent who kept her word, respected Evgeniy. God grant that you meet well-mannered people like you.
