Good afternoon! I want to express my gratitude to the realtor Evgenia. I showed everything on the first day, explained it, talked to the owners, within two days my wife and I stopped by, before the realtor Evgenia I was looking for an apartment for more than a month, other realtors could not even talk with the owners of the apartment. Evgeniya is the best in her business! Thank you.

Engaged in a divorce for an auction without warning. The price is in the ad, I'm calling - yes, you can buy at this price. And when I arrived, the object is normal, I say I take it. And she sticks a piece of paper "for how much I'm ready to buy" I tell her why I came? Warn about the auction is not destiny? Be careful with her

In seven years in Moscow, for the first time, I met an adequate, decent agent who kept her word, respect for Evgeny. God forbid that you meet the same good educated people like you.

My name is Travis Lee Bailey. I am an American lawyer based in Moscow, Russia. Evgenia Stavropolova Bailey is a thief, a liar deeply involved in illegal defamation and violent crimes against me that crippled me for the rest of my life. Evgenia stole 20,000 rubles for me. She helped conclude a lease agreement with pensioner Tatyana Vladimirovna Grigorieva in the summer of 2019. This whole lease was a big scam. In December 2020, Evgina called Channel One to make a fake report on me. Olga Olegovna Kolesnik, producer of Doc-Tok Channel One, came up to my bedroom and threatened to deport me if I didn't appear on their TV show. I refused and Doc-Tok published illegal slander against me. I moved out in February 2021. Met Bailey on Let's Get Married in 2016. He drank with an alcoholic Larisa Guzeva and left. This is a common reaction in America. In 2019 I met Bailey again and got married. I lent her 20,000 rubles, which she never returned. Together with the hostess, I paid extra 14,000 rubles to Grigorieva Tatyana Vladimirovna, and the rent was paid in full. On appeal, I won the case against myself. Grigorieva Tatyana Vladimirovna brother, Alexander Vladimirovich Ulyutinov beat me twice and stole my phone. On March 14, 2021, Tatyana Vladimirovna Grigorieva, a lawyer, and Stanislav Igorevich Zalyuzhsky, a downstairs neighbor, chased after me. I fell, broke my leg and crushed my ankle. He then beat me several times twice, once in front of a building camera that the police showed me in April 2021. Evgenia Stavropolova Bailey knows about all these crimes. She also claimed who works as a police nurse. She is a thief. I really hate that she has my last name. Avoid her.
